FOR IMMEDIATE RELEASE

SEDGWICK COUNTY GOVERNMENT “PARTNERING FOR QUALITY OF LIFE”

(Sedgwick County, Kansas) – Sedgwick County Government will conduct a community stakeholder meeting on Friday, June 7 to help build partnerships for the delivery of health services and improving the quality of life in Sedgwick County. The meeting will be held from 8:30 to noon at the Sedgwick County Extension Center, 7001 W. 21st Street. Over 100 participants are expected to attend, including Sedgwick County Commissioners.

Representatives from local hospitals and health care, public safety, education, civic organizations and government will participate in this community stakeholder meeting. This collaborative meeting will help Sedgwick County build partnerships to promote and protect the health and well-being of residents of Sedgwick County.

“We are working to enhance the services of our Sedgwick County Health Department and how we serve citizens,” said Sedgwick County Commission Chairman Ben Sciortino. “It’s important to get the stakeholders around the table so we can all see the bigger picture on how we can work together to improve the quality of life in our community when it comes to health issues,” Sciortino said.
